

A Demographic Profile of the People of Jammu and Kashmir

3. Estimates, Trends and Differentials in Mortality

M.K. Bhasin and Shampa Nag

KEY WORDS Mortality Measures. Survival Ratios. Tribals. Caste Groups. Jammu and Kashmir.

ABSTRACT Mortality measures and determinants have been presented for the caste and tribal groups of Jammu and Kashmir. The various population groups reveal differential mortality particularly infant, child and under five mortality which are indicators of the groups environment and development. The major environmental, biological and socio-economic determinants found to influence the child survival.
